Dear Mr. Goldberg:

Re: Review of the 100-D Ponds Closure Plan (DOE/RL-92-71 Rev. 2)

The Washington State Department of Ecology (Ecology) has completed its review of the U. S. Department of Energy's (USDOE) responses to Ecology's comments and the 100-D Ponds Closure Plan, Revision 2, (dated March 1998). Ecology concurs with USDOE's responses and has no further comments. Ecology finds the 100-D Ponds Closure Plan (DOE/RL-92-71 Rev. 2) ready for Modification D of the Hanford Facility Wide Dangerous Waste Permit public comment period. Final approval of this closure plan is pending the required public review and comment.

If you have any questions or need clarification on any of Ecology's comments, please feel free to call me at (509) 736-3036.

Sincerely,

Keith K. Holliday
